3. Sight-Reading – The sight reading selection may be sung before or after the prepared piece. When the student enters the room they must tell the judges which they wish to do first. The exercise will be 8 measures in length and sung unaccompanied. The exercise will be computer manuscript, with the women’s selection written in treble clef, bass selection written in bass clef, and tenor written in both clefs for the student’s choice. There will be no interval larger than a fifth. The range will be from ti1 to la. The exercise will begin on do. Students may sing using solfege, numbers, or neutral syllables. The sight-reading must be performed at a tempo no slower than quarter note = 60. Slower tempos will result in a deduction in score.

**PLEASE NOTE:** Sight-reading counts for 20% of the total score, therefore, the auditionee should be a good sight-reader to even audition for Honors Choir.
